A short but pleasantly intense half of term comes to an end with Declamations today. It takes guts to perform anything in public and well done to all the children who managed to learn a piece to perform.

I am sure that children towards the top end of the school are very aware of the exams after half term! I have no doubt that they will be completing some revision but will also need to recharge the batteries so that they are ready to give of their best. Have a very good half term with your families

Charlie Minogue

Poem of the Week

There was a young man from
Wales,
Who gets very frightened when it
hails,
He runs away,
For about a day,
And reappears having eaten his
nails.

By K Ball (year 4)

Boarding

Breakfast Club

Amazing work by the boarders this week! 256 lengths of the pool have been swum and a total of 140 km run (some of it in pyjamas!). We are running back to Ludlow now having visited the Eiffel Tower.

French Night

What a night! A four course French meal followed by French games in and around Moor Park gave our boarders a real taste of France.

Tick Tock

It's been a busy week here at Tick Tock. The Butterfly room have been carrying on with their post office topic and have been doing lots of letter writing. As well as our planned topics we have all taken part in gardening week, the children have loved having the older children helping them plant things. On Tuesday we made some grass seed heads and they are all sat happily in the butterfly room window. As well as gardening we enjoyed the environment around us with some lovely walks and started Fathers Day activities.

All the locals are saying they can't wait to see her knees up round the King's Head.
