## Quote of the Week

Thinking is the hardest work there is, which is probably the reason so few engage in it.

## Week 5

I was very pleased to be reading out the names of our newly formed Green Committee today in assembly. They will probably think of a better name for themselves in due course but this one will do for now! Children will spot things that adults miss and I am very excited to see what they come up with to ensure that their school does its best to look after the environment.

Thank you to everyone who helped to organise or who supported the coffee morning in support of MacMillan Cancer Research. There were some lovely children's clothes on sale and the cake and coffee were excellent! All in a good cause too.

Plenty more excitement in the diary next week so I hope that everyone enjoys a restful weekend at whatever stage that starts.
